

“With **over 130,000 students**, IU International University of Applied Sciences (IU) is the largest university in Germany. Thanks to digitally supported, multimedia learning formats and flexible study models, students can complete **up to 100 percent of their courses online** - or study at one of more than **35 locations across Germany**. In this way, IU is giving more and more people around the world **access to personalised education**. The private, state-accredited educational institution focuses on the **individual learning experience** of each student and has been offering the in-house developed **AI learning buddy Syntea** since 2023 in all courses.

### FLEXIBILITY

Students organise their daily university life at IU with **maximum self-determination** and flexibility. With IU, they can achieve their educational goals they aspire to – **anytime and anywhere**.

- **DISTANCE LEARNING:** 100% digital & flexible
- **DUAL STUDIES:** Theory & Practice
- **MYSTUDIES:** Online & Campus feeling

### SUPPORT

We help our students with decisions in their daily study routine, answer questions and give advice - **immediately, personally and on demand**.

- ✓ over 1,000 study lectures, experts and tutors
- ✓ over 600 professors
- ✓ hotline for students worldwide

### PERSONAL FULFILMENT

We stand for absolute self-realisation without ifs and buts.

- ✓ EdTech & AI **facilitate access** for people with disabilities
- ✓ **scholarships** e.g., for single parents
- ✓ continuously new study programmes for the **job market of tomorrow** (IT & Tech, AI, Sustainability, Social Work, etc.)
